VISION

“ Baptistine education strives to form well-integrated persons who will transform today’s society by being more humane and just”

The Vision and Mission of the institution is imbued in the spirit of the founder St. Alfonso Maria Fusco

OUR FOUNDER

St. Alfonso Maria Fusco (March 23, 1839- February 6, 1910) was a Roman Catholic priest and Founder of the Congregation of the Sister of St. John the Baptist, commonly known as Baptistine Sisters. Don Alfonso Maria Fusco was born to Aniello Fusco, a farmer and his wife Giuseppina Schianove, at Angri, Salerno, Italy, on March 23, 1839. He was ordained on May 29, 1863, by the Archbishop of Salerno, Monsignor Anthony Salomone, amidst the joy of his family and the enthusiasm

of the people.

Following the foot prints of such a zealous and humble missionary, we the fuscoites are fervent about educating young children which is like bringing flowers to God

Fusco's School

The school occupies a premium position among the top CISCE School in Bengaluru with excellent infrastructure, competent faculty, support staff and a captivating environment. Established in 2000 A.D. at Indiranagar, it is a highly reputed institution in contributing quality education with dedication and dynamism.

An ideal teacher-student ratio, inculcating the core values of rich heritage with the ancient values of our tradition strike a perfect balance emotionally, socially, morally, mentally and spiritually, which enable and prepare the students to face the growing global challenges boldly.

We acknowledge this school as our first challenging venture in Bengaluru for the service of the people in the locality. We provide a family environment where children can grow in the security of knowing that school is an extension of home and not an institution merely driven by results.

Curriculum Design at Fusco's

The Institution cares for the students' growth and personality developments right from their Kindergarten grades. Our KG caters for children from the ages of 2.5 yrs to 6 yrs. At Fusco's Kindergarten we focus on the child's listening, speaking, and writing skills right from the pre-KG. We follow the phonetic way of teaching English. Children are observed and regularly assessed on the progress they are making so that learning steps can be set. By the end of their Kindergarten they would be fully equipped to face the CISCE syllabus followed from Class I. Children are also exposed to a lot of activities which include Arts & Crafts, Sports and Music.

Having established an ideal foundation at the KG level, Fusco's School sets clear learning objectives for students in English, Mathematics, Science and Computers for each year beginning from class I. The other languages taught are Kannada and Hindi. In addition to academic syllabus, the students enjoy ample opportunities to excel in co-curricular and extra-curricular activities during DMK (Dance -Western and Classical, Music, Karate, Skatting) periods. During the academic year, the school organises frequent Seminars & workshops. The school encourages students taking part in various competitions at national and international levels.

We are a school that takes your child and your child's welfare and development as a whole person very seriously. We respect each child's need to be treated as an individual and as a child. However, each child is encouraged to cultivate team skills and social development as part of the growing process. Perhaps, most importantly, Fusco's caters not only for the educational needs of your child but also for physical, emotional and spiritual development. We earnestly believe that, success of a child, as God intended, can only be achieved if the school, students and parents work in partnership.
