Satyaseva Primary and High School was established in the year 1991 in a remote area of Venkateshpuram to serve the undeserved and less privileged community residing in this un-developed area. The vision behind this school was to provide quality education to the children of the poor families allowing them to break the cycle of poverty and achieve a brighter future. The area in which the school was located characterized by limited resources and economic disadvantage. Recognizing the need, Mother Regina Woroniecka our Foundress, a great missionary and visionary established this school. The first batch of the S.S.L.C came out with colorful success in the academic year 2001-2002. Satyaseva Primary and High School was established to bridge the gap and offer hope to the poor families. It provides a safe and nurturing environment for children, helping them to discover their potential and develop holistically. The dedicated team of Management and staff ensures that, every child receives a solid academic foundation while also cultivating their spiritual, moral and emotional growth. The school is reaching to its heights with feathers in curricular and extra-curricular activities. This academic year we have 614 children from Nursery to High School.
