

# HOLY SPIRIT EDUCATIONAL SOCIETY

<https://www.smis.edu.in/>

Holy Spirit Educational Society has been imparting quality education since its inception in 1996 and has nurtured St. Mary's group of institutions since then.

Founded with the visionary ideology of late Fredrick Lobo, these institutions have been phenomenal in imparting education with utmost importance to its quality. They believe in and are working towards transforming the young minds for the betterment of the nation.

At present, the school offers 1st to 12th standard in state syllabus, 1st to 10th ICSE syllabus, St. Mary's P U College and also ISC with both Science and Commerce with well facilitated residential facility. These varied courses are handled by highly skilled professional teaching staff. Every year, the students from these institutions have been securing ranks both in state and national levels and also performing extraordinarily well competitive exams.

Their relentless tenacity and inexorable patience to improve each and every student is the reason behind the success of the schools.
