The school is developed and designed with a foresight into the tremendous metamorphosis that will grip the global education scenario in the coming years. The school follows the CBSE Curriculum and takes tremendous steps in innovation and exploring novel ideas to make learning interesting and meaningful. This exemplary campus stands in 10 acres of land. The Poor Servant Fathers and Brothers started it with a humble beginning, but with a clear vision and great dreams. On 26th of November 2017, foundation stone was laid for the school. On 1st June, 2018, the little ones began their education journey in this temple of knowledge.

Divine Providence School is strongly based on Christian values and inspired by its Patron St. John Calabria.
