THE MOTTO OF SSM PUBLIC SCHOOL:

Under the protection of Mary **"FREE AND FIRM PERSONALITIES"**

An Idea, a thought, a feeling and a great motivation has inspired us to start a school in the year 2008 with a humble beginning. The strength was just 145 students. Since, its inception it has made progress in leaps and bounds. We are really proud to let you know that in a short span of time, our school strength has increased to 1049 students. Our approach is simple, student friendly, innovative and enriching. We believe in holistic learning and all-round development of the children.

SSM Public School had sent out six batches of 10th standard students with 100% result.
