

"Little Hearts, Big Love for Animals"

St. Theresa's School campus was filled with joy and excitement as the little toddlers celebrated **Animals Day** with great enthusiasm. The tiny tots came dressed as their favorite animals, making the campus colorful and lively with Tiger, rabbits, butterflies, cow, cats, and many more adorable costumes.

Through fun activities, storytelling, and animal rhymes, the children learned about different animals and the importance of loving and protecting them. Here the toddlers proudly displayed their costumes.

The celebration ended with a beautiful message of kindness and care for animals. It was truly a delightful and inspiring day for the little ones, filled with smiles, learning, and happiness. 🐾 ✨
